# Drupal training and certification

- Drupal Training:
  - Training facilities – who, what, where, why?
  - Target public – same as above :-)
  - Collaborative curriculum – open source training outline
  - Supporting Infrastructures – how is it going to happen?
- Drupal Certification:
  - Why is this not dealt with today.

# Drupal training and certification

- Drupal Training around the world:
  - Who does what?
  - What brought people to do training?...

# Drupal training and certification

- Target public:
  - Webmasters (admins)
  - Site operators
  - Developers
  - Designers
  - ...

# Drupal training and certification

- Target public:
  - Webmasters (admins)
  - Site operators
  - Developers
  - Designers
  - ...
- Types of training:
  - Administrating Drupal
  - Content publishing with Drupal
  - Module development
  - Theming
  - ...

# Drupal training and certification

- Collaborative curriculum
  - What does it mean for you?
  - What infrastructures are needed for that?
  - Who should be concentrating the effort?
    - d.o. docs
    - g.d.o. (<http://groups.drupal.org/curriculum>)
    - Non d.o.
  - How should it be done in order to succeed?

# Drupal training and certification

- Collaborative curriculum
  - Building training outlines together
  - Sharing experience
  - Helping others to run Drupal courses
  - Expandable format
  - Achieving Dries' 100K Drupal developers dream?
